

Number fingers worksheet 1a - matching activity

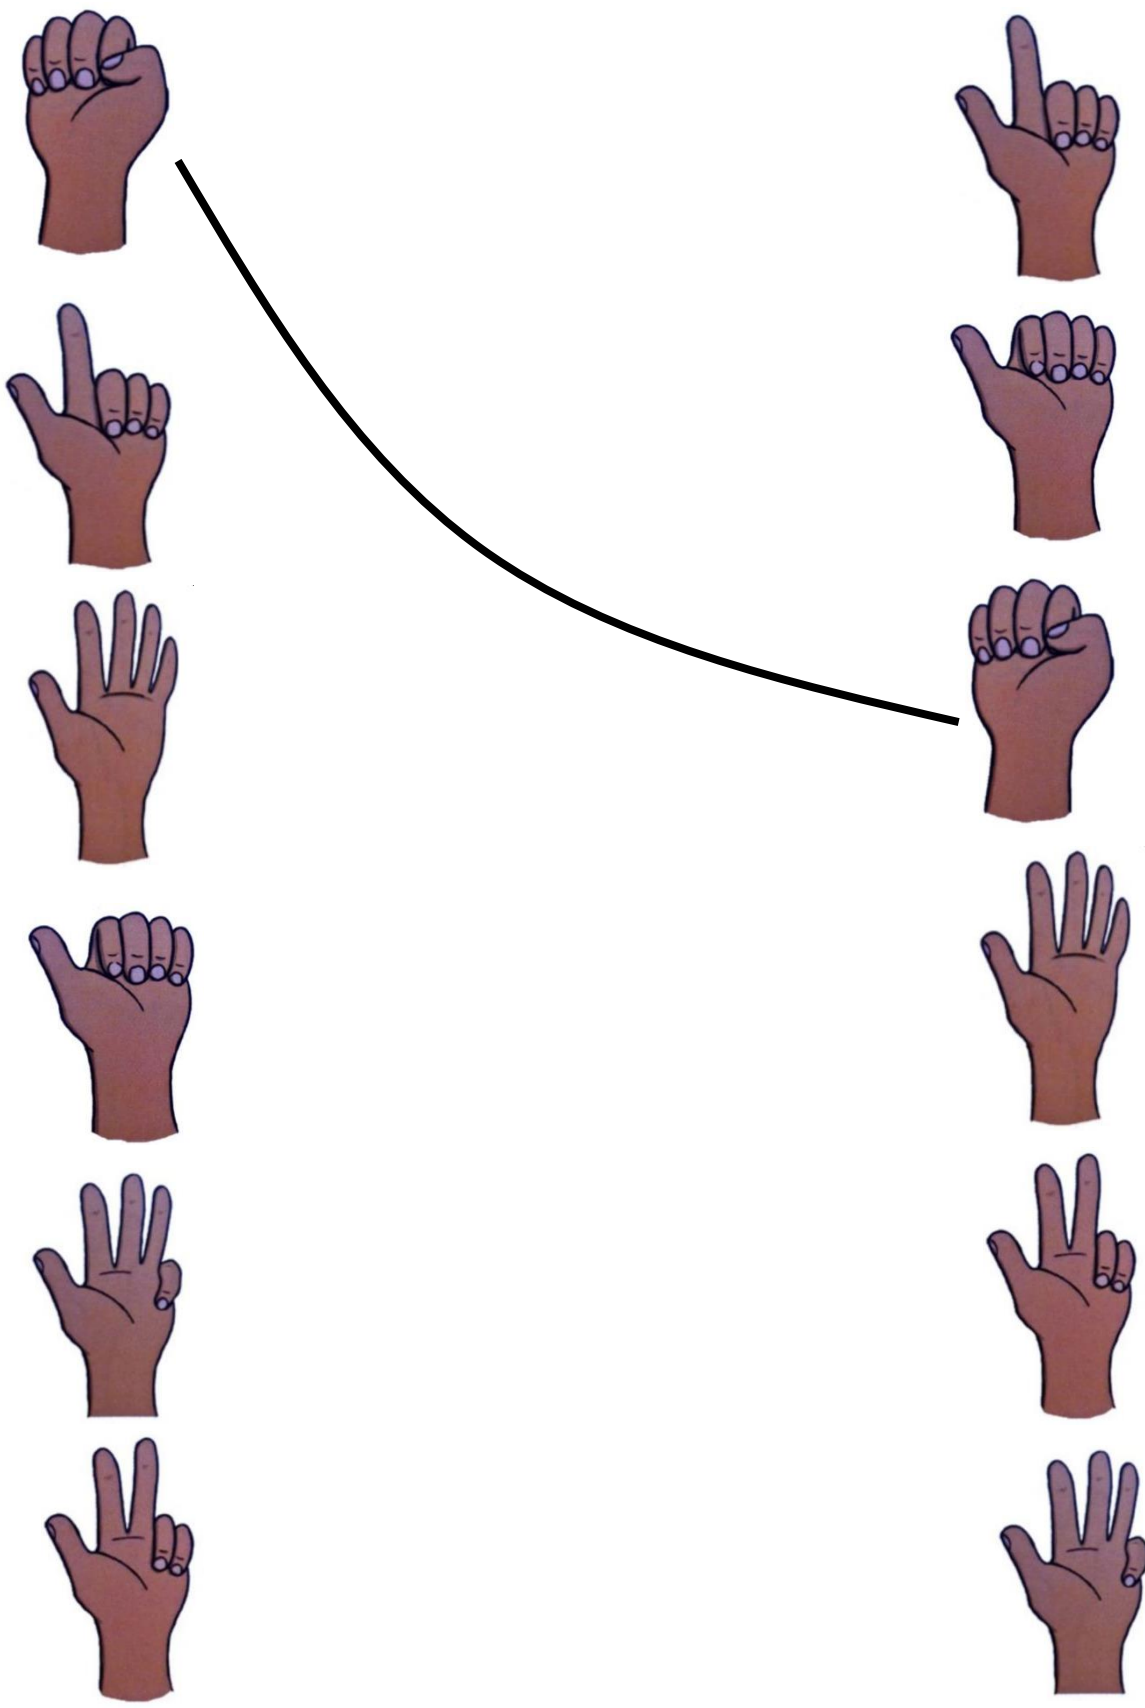

Cut out the hands below and match to the corresponding hands.
Can you see how many fingers the hand is holding up? Can you use your fingers to show the number 1, 2 and 3?

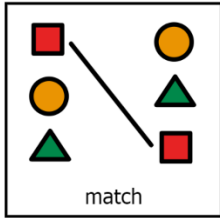

Number fingers worksheet 1b - matching activity

Draw a line matching the hands. Make sure the hands are holding up the same number of fingers. The first one is done for you. Can you say how many fingers you see on each hand? Can you use your hand to show the same number?

Number fingers worksheet 1c - matching activity

Draw a line matching the hands. Make sure the hands are holding up the same number of fingers. The first one is done for you. Can you say how many fingers you see? Can you use your hand to show the same number?
